Departmental Visit

Just like every year this year ELESA organised Departmental visit specially for first year electronics engineering student. The motto of behind organizing this visit were one, to make first year student familiar with our department. Second, to guide them regarding some basic things and the last one to make them familiar with ELESA family. The program was held in classroom number 12 and was started at 5:45 pm. The whole program was designed in 3 parts, those were Introduction, visit to department and conclusion. The program started with welcome and introductory session of ELESAite Pooja and ELESAite Mahadev. In that session they ask students about the difficulties they were facing, and also explained the brief overview of program. The video describing functionality of ELESA was shown to the FE's.

The session then again handed over to ELESaite Shrihari and ELESaite Mahadev and they took session on various important things that FE's should know about system in college. The session was designed such that the points were displayed on screen and FE's have to give their choices to select any topic that they need to know. At the end all the topics were discussed. The topics of discussion were:

1. Book-bank
2. Moodle
3. Electing CR and GR
4. Stationary
5. Wi-Fi facility
6. Syllabus
7. Time-table and FAQ's.
8. Scholarship

The students were looking happy after learning about this basic things.

The students were then divided into 5 groups and 2 mentors were assigned to them. Mentors took their group to department. Each lab related to degree students were shown to the students. Importance and industrial perspective of each lab was explained to the student. In order to entertain students while on visit chocolate questions were asked to them. All other important places like HOD cabin, Scholarship section were shown to them. Later the groups gathered near Library where their feedback was taken. We also created one WhatsApp group of all FY Electronics students with some board members of ELESa in order to help FY students in any difficulties they face in early days of college. President Shubham Mhatre shared his thoughts and thus with announcement of GIM the program was concluded.

Mr. Mahadev Mishal
Secretary, ELESa
