

JOHN DEERE WHITE PAPER CONTEST 2019

Weeding Robot Design

Present your ideas and expertise to grab the opportunity to work on projects from John Deere, Pune
Win Attractive Prizes!!
Open to WCE Faculty and students

John Deere Research Center of WCE is pleased to announce **White Paper Contest 2019**. The theme of this contest is "Weeding Robot Design". The purpose of the activity is to provide platform for **faculty and students** to exhibit their creative ideas, enhance sense of social responsibility and **create business awareness** while innovating ideas and technology.

A white paper is a report or document that tells readers concisely about an issue/problem, technology being used to solve the issue, ideas/suggestions to solve that problem in a better way and the business side of the technology. The participants are expected to come up with a survey of weeding problem in general, various present ways being used to address the problems, existing products, innovative idea if any, resources available in the department/institute and if a project is available, what part of the project, the faculty will be interested in contributing to the implementation of the project along with justification. The presentation needs to be done by the faculty mentor and students together with the faculty primarily focussing on how he/she wishes to contribute to design of Weeding Robot at WCE.

Who can register:

The team should have **min one and max. two mentor faculty** with max four SY/TY UG/ FY PG/PhD/Diploma students of any branch. **A faculty alone can also participate in the contest.** There is no registration fee. All members must be from WCE only.

Who shall Present:

The presentation is required to be done by the **faculty mentor/s and students together** with the faculty primarily focussing on how he/she wishes contribute to design of Weeding robot at WCE.

Registration Last Date: 14 March 2019, 5 pm.

Presentation Date: 22 March, 2019, 10 am onwards.
