ELESATE Atul Zine and Vishal Narkhede started the proceedings with a bit of humour and to make the present ones more energetic than they were. The Question of the day was announced which was basically related to aptitude session. ELESATE Vrushali and Shubhashri were very helpful in making the audience cope up with lots of **Aptitude Tricks** they would have ever thought off. Aptitude papers were distributed among students so that they solve them. They covered several tricks regarding solving data interpretation and lots of more tricks which would better the time efficiency taken by a student for solving various problems.

ELESAite Sachin and Kajal then continued the proceedings for SY to B.Tech students by covering technical session for them which was related to MECHATRONICS while Alhad covered TRANSISTORS for FY students. Both the batches were divided and they were asked to seat in different classes. After some knowledge time it was time for enjoyment. Atul and Vishal took a game in which each row was given a same problem statement and they would have to come on stage and give the solution for it. The main part was after they have addressed their solution to the crowd, it was time for students to ask questions to them, meaning a short press conference. Team C was awarded the winner team.

Then it was time for announcing the FE Coordinators for which interviews were taken a week ago. All the FE Coordinators were appreciated for their selection and welcomed to ELESA Family.
