

SHIELD (Suspect interrogation)

Stephanie Smith

1. What were you doing yesterday evening?

Without taking much time, she answered, "Sir, I was at Mr. Pixley's house till about 7:30 P.M. I prepared dinner for Mr. Pixley and returned home."

2. Did you prepare dinner only for Mr. Pixley and not for Mrs. Pixley...? Why so?

With an obvious expression she replied, " Because, Ma'am was heading for a party last evening and she did inform me about dinner."

3. What food did you serve then?

Being a little hesitant, in a low shivering voice she spoke, " Avocados, steak salad and smoked sausage along with the parsley soup."

4. Usually who in the house does this grocery shopping?

A little puzzled about the type of question, with a weird frown on her face she said, "Actually, every week I used to manage the grocery items in house. This week Ma'am brought about 18-20 ounces of parsley and avocados from her uncle's farm."

5. How was the behaviour of Mrs. Pixley in last few weeks?

Her face expressions instantly changed. She looked down with a fear in her eyes. After being asked repetitively she finally spoke up. "I doubt that she's having external relations with someone."

6. What would you say about Mr. Pixley's attitude towards his relation with Mrs. Pixley?

She replied, "I did not have much interaction with him, but he seemed to have more interest in working rather than spending quality time at home."
